

Finance Director (m/f/d)

At midge medical, we're reimagining the way healthcare systems work. You'll have the chance to be part of that change within a diverse and fast-growing team. We are creating the exciting opportunity for you to leave your footprint.

midge medical is developing diagnostic devices based on blood and other body fluids that are so easy to operate that they can be used by consumers as well as by professionals. The complete digitization of the testing procedure is at the core of our vision.

You can contribute to our team as Finance Director and be at the center of all financial activities.

As a Finance Director, you will

- provide overall finance leadership in the total business and performance for a well-positioned and fast-growing start-up. Furthermore, you are translating concepts, developing strategy, implementing change, creating programs responsive to the external environment.
- Sponsor potential funding programs and work directly with the company's investors.
- Build up and run our finance team, provide direction and coaching to the team members
- Ensure key processes and controls are in place to run a world class financial operation
- Drive financial performance improvement initiatives throughout business (asset management, capital efficiency, productivity, simplification, etc.)
- Provide analysis and recommendations on investments, restructuring, acquisitions, and other projects
- Manage the processes for financial forecasting and budgets, and oversee the preparation of all financial reporting
- Partner closely with our Managing Directors and be an active part of our company's leadership team providing your perspective and strategic recommendations
- Be the Controller
- Be the backup for our accounting

You are fit for this role If you

- A hands-on manager
- Have 5+ years of experience in any of the financial disciplines managing a finance team, i.e. as Finance Director, ideally during the build-up of fast-growth start-up
- 5 years financial work experience, well-versed in all aspects of financial management ranging from controlling, accounting, annual financial statements with audit certificates, fundraising, capital structure to treasury and strategy
- Are comfortable with the combination of a fast-scaling start-up spirit with the high quality standards of the medical device industry
- Have strong knowledge of financial and commercial operating systems
- Worked in the investor relations area
- Have excellent problem-solving skills and like taking on opportunities to create excellent results

- Have great social skills with the ability to influence others and drive change while working across all levels and functions
- Excellent verbal and written communication skills in German and English and ability to convey complex business issues in a clear and concise manner in an international environment

Required qualifications

- Degree in Finance, Accounting, Economics, Business Administration or similar
- Public Accountant certification (preferred)
- Proficiency in the use of MS Office and financial management software (e.g. SAP)
- German and English language skills

Preferred qualifications

- You worked on exit strategies an execution for in a start-up environment
- Graduate of financial management, financial or other internal Audit/Revision program
- Trained and certified in process improvement methodology such as Lean or Six Sigma
- SAP S4/Hana
